# IMPORTANT SPRING ICE SHOW QUESTIONS

## **Who is eligible to participate in ICE SHOW group numbers?**

Skaters enrolled in the Winter and Spring sessions of Learn to Skate Classes are eligible: including tots through advanced level freestyle and skaters enrolled in any Niles IceLand Rangers program for the above mentioned sessions. Age is not a factor!

## **What level do I sign up for?**

Skater must sign up for the show at their current Learn to Skate level. For example, if a skater is in Tot 2 classes, then she/he will sign up for the Tot 1-4 group number in the show and/or the Tot-Pre freestyle production number.

We encourage skaters to register for multiple group numbers in the Spring Show as long as they meet the qualifications for those numbers. Please see attached rehearsal schedule for pre-requisites, group numbers, and qualifications. All skaters may be eligible for multiple group numbers.

## **How involved is the show?**

There are 4 to 8 scheduled off and/or on-ice rehearsals for each group number. It is similar to being in a school play. There is one picture day, one technical rehearsal, and 2 dress rehearsals that all skaters are expected to attend. This year there will be an Act I and Act II dress rehearsal in an effort to make show week a bit easier for the younger skaters.

### **There are also 4 show performances.**

**Sunday April 30, 2017—Feature Performer Skater Rehearsal**

**Monday May 1, 2017—Picture Day**

**Group numbers will remain open until the last day of registration, so there is no need to stand in line, but all skaters must turn in their measurement form before the December 20, 2016 registration deadline.**

# Niles IceLand—Annual Ice Show

Please return form to Amy Forbes, Skating Director

Aforbes@niles-parks.org by December 20, 2016

## How to measure your skater for their ice show costume.

Please follow these simple steps when you're ready to take body measurements.

- Have your skater wear undergarments or a lightweight leotard with a bra that gives the bust line their typical shape for most accurate measurements.
- Have your skater stand straight with their weight evenly distributed.

The measurement tape should be snug but not too tight on circumference measurements and stretched tight for vertical measurements.

### Getting the Measurements:

- **1. Bust/Chest** – Measure over the fullest part of your chest with your arms relaxed at your sides.
- **2. Waist** – Measure around where your waist naturally indents. Keep your finger between the tape and your belly.
- **3. Hips** – Measure around the fullest part of the hips and buttocks while standing with your heels together.
- **4. Girth** – Measure from the midpoint on the shoulder towards the front, through the crotch and back around to meet the midpoint of the shoulder.
- **5. Inseam** – Measure from the crotch to the bottom. The inseam length is the number of inches, to the nearest half-inch.

Please call 847-297-8010 and ask for Amy Forbes with any questions. There are also many videos on YouTube that explain how to measure for costumes.
