

Niles Iceland Fall Aspire Cohorts

October 5 to December 20, 2020

The U.S figure Skating ASPIRE program is a bridge between learn to skate group classes and U.S. Figure Skating membership. Through the development of athleticism and artistry, skaters build a solid skill foundation that drives success on and off the ice.

At IceLand we will be using the ASPIRE program to create cohorts that will develop together to greater character development, skill development, and skating knowledge as a team. Having skaters who all ASPIRE to greater skating development will help be motivational by working in a team atmosphere, training more than they have in the past or to train harder, develop a more advanced understanding of skating and its different disciplines and their connections to one another.

- There will be two cohorts, one for the Freestyle level skaters and one for the Learn to Skate level skaters that will work separately and together.
 - Cohorts will begin on October 6, 2020 and run through December 20 2020.
 - There will be a maximum of 10 skaters per cohort.
 - Cohorts will include and orientation, weekly classes, skater/parent sessions, handouts, homework, and a gift pack that will include a T-shirt.
 - Participation in all aspects of the cohort is mandatory. No exceptions.

Who should participate?

Skaters who ASPIRE to develop great skating skills, get stronger athletically, learn more, gain more skating knowledge, have a team to train with, support and be supported by fellow skaters and coaches while training, begin competing or compete at higher levels, and be surrounded by others who want to do the same.
