IMPORTANT SPRING ICE SHOW QUESTIONS

Who is eligible to participate in ICE SHOW group numbers?

Skaters enrolled in the Winter and Spring sessions of Learn to Skate Classes are eligible: including tots through advanced level freestyle and skaters enrolled in any Niles IceLand Rangers program for the above mentioned sessions. Age is not a factor!

What level do I sign up for?

Skater must sign up for the show at their current Learn to Skate level for the tot through pre-freestyle level. Skaters in freestyle 1 and above must sign up for their highest ISI/USFS test level and be registered for any class within our program. For example, if a skater is in Tot 2 classes, then she/he will sign up for the Tot 1-4 group number in the show and/or the Tot-Freestyle 1 production number. Please see group number pre-requisites. If a skater has passed ISI freestyle 6 they will sign up for the FS/PLUS 6 & Up Group number and/or Team IceLand, Featured Performer, Glow Number, etc.

We encourage skaters to register for multiple group numbers in the Spring Show as long as they meet the qualifications for those numbers. Please see attached rehearsal schedule for pre-requisites, group numbers, and qualifications. All skaters are eligible for multiple group numbers.

How involved is the show?

There are 4 to 8 scheduled off and/or on-ice rehearsals for each group number. It is similar to being in a school play. There is one picture day, one technical rehearsal, and 2 dress rehearsals that all skaters are expected to attend. This year there will be an Act I and Act II dress rehearsal in an effort to make show week a bit easier for the younger skaters.

There are also 3 show performances.

How to measure your skater for their ice show costume.

Please follow these simple steps when you're ready to take body measurements.

- Have your skater wear undergarments or a lightweight leotard with a bra that gives the bust line their typical shape for most accurate measurements.
- Have your skater stand straight with their weight evenly distributed.

The measurement tape should be snug but not too tight on circumference measurements and stretched tight for vertical measurements.

Getting the Measurements:

- **1. Bust/Chest** – Measure over the fullest part of your chest with your arms relaxed at your sides.
- **2. Waist** – Measure around where your waist naturally indents. Keep your finger between the tape and your belly.
- **3. Hips** – Measure around the fullest part of the hips and buttocks while standing with your heels together.
- **4. Girth** – Measure from the midpoint on the shoulder towards the front, through the crotch and back around to meet the midpoint of the shoulder.
- **5. Inseam** – Measure from the crotch to the bottom of the foot. The inseam length is the number of inches, to the nearest

IMPORTANT INFORMATION

The Niles Park District is committed to conducting its recreation programs and activities in a safe manner and holds the safety of participants in high regard. The Niles park District continually strives to reduce such risks and insists that all participants follow safety rules and instructions that are designed to protect the participants' safety. However, participants and parents/guardians of minors registering for this program must recognize that there is an inherent risk of injury when choosing to participate in recreational activities. You are solely responsible for determining if you or your minor child/ward are physically fit and/or adequately skilled for ice-skating activities. It is always advisable, especially if the participant is pregnant, disabled in any way or recently suffered an illness, injury or impairment, to consult a physician before undertaking any physical activity.

I do hereby fully release and forever discharge the District from any and all claims for injuries, damages, or loss that my minor child/ward or I may have or which may accrue to me or my minor child/ward and arising out of, connected with, or in any way associated with these programs/activities.
