

Dedicated, Full Time Zamboni Driver/Maintenance Tech wanted to supervise our ice rink.

IceLand Ice Arena is seeking one individual to join our dedicated crew of Zamboni drivers.

Qualified candidates with prior ice resurfacer experience preferred but training is provided. Applicants must be flexible and be available to work weekends or evenings during special events. Must be 18 years old and possess a valid driver's license. Must be able to read, write and speak English. Willing to work outdoor during the winter season on our outdoor rink. This is a full-time position with normal work hours 530am-2pm Monday – Friday.

Responsibilities include; opening facility in the early morning, maintaining and cleaning of facility daily. Operation and preventive maintenance of a Zamboni ice resurfacer including weekly changing of cutting blade. Performing ice maintenance and keeping ice logs of ice depth and condition. Monitoring refrigeration system and logging hourly readings of equipment. Building maintenance including painting, changing light bulbs, plumbing and electric troubleshooting, general construction and building maintenance. Keeping inventory of cleaning products, fuel, maintenance supplies and tools and preparing orders.

Maintenance Tech reports directly to the General Manager. \$40,000 per year. Vacation and Insurance benefits included.
